

POTENTIAL HAZARDOUS WASTE SITE
PRELIMINARY ASSESSMENT

COE MANUFACTURING

COE Manufacturing is located along the Grand River in Painesville, just south of the Norfolk and Western railroad. Ecology and Environment conducted a FIT site inspection in response to a hotline callers report of open dumping on COE property.

Upon investigation, FIT found some dumping of metal debris but nothing which would constitute a potential hazard.

The information provided by the inspection report does not indicate a need for OEPA enforcement action or further FIT activity. The periodic site inspection, suggested by FIT could be handled by the local solid waste program, therefore, we recommend no further action be taken by OEPA.
